The morning team will now be mobilised by Cllr Oliver. Cllrs present were unable to support the afternoon team and so a leader is required.

The new VAS will be put on hold until usage of the existing cameras is optimised

Local banking & Post Office facilities

Due to the closure of the Post Office and upcoming withdrawal of the mobile banking service to Bishops Cleeve and Bourton-on-the-Water and uncertainty about when/if the Post Office would reopen I asked Link if they would do a banking review to see if Winchcombe would qualify for a Banking Hub. Unfortunately Link's review has determined that in their view our local area currently has enough access to cash and banking facilities and does not qualify. However in the meantime I followed up with the Post Office and have been given permission to share this statement:

"Post Office have engaged with Councillors and Laurence Robertson MP with regards to restoring Post Office services to Winchcombe. Post Office have advertised for applicants on their website, and have visited Winchcombe to speak to some of the businesses in the town to assess their interest in an application. There is some interest and Post Office are not currently inviting any further applications while discussions continue.

Post Office sincerely apologise to customers who are travelling further to access services while the branch is closed. The nearest alternative branches are at Gotherington, Bishops Cleeve, Alderton and Cheltenham. More information about the Post Offices in the local area and their opening times is available on the Post Office website. [Branch Finder](#) | [Post Office](#)

When there is a confirmed proposal to restore a Post Office to Winchcombe, we will share a further update."
